Michele Brooks
Assistant Superintendent
Office of Family and Student
Engagement, Boston Public Schools

The day Michele Brooks "lost it" as the frustrated mother of a Boston high school student became a moment that forever transformed her life.

That was 20 years ago, and today Brooks works inside the Boston Public Schools as the assistant superintendent in charge of the district's Office of Family and Student Engagement.

Brooks is credited with strategically aligning Boston's family-engagement efforts with the district's academic goals, which moved the work of her office from a peripheral activity to one that is central to the needs of the district's 57,000 students and their families.
