SLIDING FEE SCHEDULE

For patients with no insurance, we offer an income based sliding fee schedule which provides a discount on doctor's visits and ancillary services (blood work, EGK, urinalysis, etc.) depending on patient's income.

On your visit, please provide:

- 1) Proof of income for whoever earns income in the household.
(pay stubs, tax return, unemployment benefits statement, SSI statement, etc.)
- 2) Proof of residence in the United States through appropriate documentation.
(Utility bill, rental agreement, etc.)
- 3) Any Picture identification.

First Person's Vision is to be a leader in providing patient continuity of care for both physical and mental healthcare services to all sectors of the community regardless of ability to pay, and to develop a healthcare model utilizing collaborative relationships that promote an economic and environmentally sustainable resource to the community.

First Person Care Clinic

is a non-profit organization offering preventive and primary healthcare services to the Las Vegas Community. First Person was developed by a dedicated team of business owners and physicians addressing the healthcare needs of the community. First Person will serve the uninsured, undocumented, and underinsured populations as well as individuals seeking high quality healthcare at affordable prices. It is the core belief of First Person that a vulnerable population can be empowered through increased access to comprehensive healthcare services that help people become and stay employed, have adequate resources for healthy lives, and live in a healthy home and environment.
